

To Francesco Cartei. Open letter in memory of Giuseppe Cartei

Dear Francesco,

When you lose a brother of human and cultural value as Giuseppe was, a part of you has definitively lost but do not despair. Giuseppe lived his most painful part of his life with his dearest person. Continue to live with him as a your model of his history, his studies, his writings, his memories and he will continue to be beside you and close to all of us. Those who have had the good fortune to meet him will always remember him. He just passed through next door but he continues to protect you.

I, together with my friends, Paolo Dalla Vecchia, Sasa Dobricic, Angelo Greco, Graziella Palmieri, Fabrizio Tamburini, Salvatore Bellomia, Marina Dachà, Silvia Bernardin, Daniele Grasso, Marie Bertella Geffroy, Antonio Lopez, Riccardo Palma e Martin Iglesias interpreting the feelings and thoughts of all the saddened IAES members, we offer you our deepest condolences.
