Buenos Aires, 6 November 2026: Esquivel's Appeal to the People

People

Bolsonaro lost, Trump lost, Netanyahu lost, Peña resigned in Paraguay. We want an END to the right wing. Milei out!!

The Nobel Peace Prize laureate urged the people to take to the streets so that the national government "stops doing harm."

"It is destroying the country, dismantling it, selling it off, handing it over, and subjecting it to the colonialism of the United States and Israel."

Javier Milei is not right in the head; he needs help, he needs a good psychiatrist, but he must stop being president after October."
